

PC2429– Postgraduate Certificate in Health Science (Chinese Medicine) - Level 8 - 60 Credits

About the Programme

The Postgraduate Certificate in Health Science (Chinese Medicine) is a one-year programme designed to meet the needs of professional practitioners of traditional Chinese medicine who are already practicing at an advanced level or who aspire to do so.

Postgraduate education provides the foundation on which to advance the Chinese medical profession, including the fostering of greater professional awareness within Chinese medicine.

The programme aims to provide a toolkit of contemporary knowledge and a variety of transferable skills, including reflective practice, critical thinking and independent study, research skills to support advancement of professional practice and specialist practice skills promoting innovation within client care.

Course Content

The intent of the course is to offer a comprehensive one-year academic programme, which contains the following modules with their credit values:

- Advanced Research 1 - 30 credits
- Advanced Research 2 - 15 credits
- Contemporary Alternative in CAM - 15 credits

Graduate Profiles

On completion of this programme students will be prepared with required knowledge, skills and personal attributes for professional careers in specialty areas of Chinese Medicine at an advanced level.

Entry Criteria

In order to be admitted to the Postgraduate Certificate, an applicant shall normally have completed one of the following requirements:

1. Must hold a qualification of, at least, a recognised Bachelor's Degree in Acupuncture or Bachelor's Degree in Chinese Medicine; or hold a Postgraduate Certificate awarded by NZSATCM
2. International students must have achieved an academic IELTS of 6.5 with no band less than 6.0;
3. Must have completed 500 hours of TCM clinical practice
